

ALIAKSANDRA PALKHOUSKAYA

FRONTEND DEVELOPER

(REACT / JAVASCRIPT / TYPESCRIPT)

Minsk | + 375(29)146-66-43 | tg: @aliaksa_p | sahvero@gmail.com | github.com/AliaksaPlh / [Linkedin](#)

SUMMARY

I'm a passionate **frontend developer** focused on building **responsive, performant, and user-friendly web applications**. I specialize in **React, Next.js, TypeScript**, use tools such as **RTK Query, Zustand, Context API** for efficient state management. Experienced with **Firebase** and **Firestore** for backend integration, team work, **code review**. I focus on writing **clean, maintainable code** and continuously improving my skills. I'm currently **looking for an opportunity to grow within a team and contribute to meaningful, high-quality products**. I'm **highly motivated** and **eager to learn new technologies, take on challenges, and actively contribute to the team's success**.

TECHNICAL SKILLS

- **JavaScript** (ES6+), **TypeScript**
- **React**, Hooks, Redux, **RTK Query**, Zustand, **Context API**
- **Firebase** (Auth, Firestore, Storage)
- HTML5, CSS3 (Flexbox, Grid), **SCSS**, TailwindCSS
- **Next.js**, React Router
- **Vite**, Webpack
- **Git**, **GitHub**
- **REST API**, Fetch / Axios
